A) GENERAL INFORMATION:

Material/Product Name (s) (Supplied to the Micro Labs)						
CAS No.						
Name of the Manufacturer						
Address for communication	**Office**		**Manufacturing Site**			
Contact person:						
Telephone No:						
Fax No:						
Email ID:						
Details of Supplier: (If different from Manufacturer) Name / Address						
Contact person:						
Telephone No:						
Fax No:						
Email ID:						
Number of Employees	Office		Factory		Total	

Controlled Copy

B) MANUFACTURING SITE:

1.	Is your company certified according to Quality Standards?	☐Yes ☐No ☐NA
	If yes, which standard?	
2.	Have any regulatory authorities / government agencies inspected this site within the last five years?	☐Yes ☐No ☐NA
	If yes, please detail.	
	Please attach the copy(ies) of the Certification(s) if any	
3.	Is there adequate cleaning procedure to control the contamination / cross contamination?	☐Yes ☐No ☐NA
4.	Is there a program for self-inspection?	☐Yes ☐No ☐NA
5.	Are Material Safety Data Sheets (MSDS) available for all commercially distributed products?	☐Yes ☐No ☐NA
6.	Can you provide the working standard and related impurities for the material together with their certificate of analysis? If required.	☐Yes ☐No ☐NA
7.	Is there a training program for the employees?	☐Yes ☐No ☐NA
8.	Is there an independent Quality Unit?	☐Yes ☐No ☐NA
9.	Is there a system to inform to the customer for all types of major process changes?	☐Yes ☐No ☐NA
10.	Are the written procedures available for operation / cleaning / maintenance of the manufacturing equipment?	☐Yes ☐No ☐NA
11.	Is there production area is designed to prevent cross-contamination and mix-ups?	☐Yes ☐No ☐NA

Controlled Copy

12.	Do you manufacture, handle, store or use any risk material in the same site as:	
	Antibiotics	☐ Yes ☐ No
	Cytotoxins	☐ Yes ☐ No
	Hormones	☐ Yes ☐ No
	Steroids	☐ Yes ☐ No
	Vaccines/Sera	☐ Yes ☐ No
	Biological	☐ Yes ☐ No
	Pesticides	☐ Yes ☐ No
	Herbicides	☐ Yes ☐ No
	Organophosphorous compounds	☐ Yes ☐ No
	If yes: Specify the product names	
13.	Are records available on the operation, cleaning & maintenance of equipment?	☐ Yes ☐ No ☐ NA
14.	Is there schedule for preventive maintenance / calibration program?	☐ Yes ☐ No ☐ NA
15.	If the same equipment is used for different product manufacturing, do you clean equipment before product changeover?	☐ Yes ☐ No ☐ NA
16.	Is there a system to document incoming materials?	☐ Yes ☐ No ☐ NA
17.	Are all incoming material segregated and placed in designated area?	☐ Yes ☐ No ☐ NA
18.	Are all incoming material tested each lot and release by quality unit? If no, specify the current practice _____	☐ Yes ☐ No ☐ NA
19.	Will you issue certificate of analysis for the product dispatched to us?	☐ Yes ☐ No ☐ NA
20.	Is there batch record available for each batch?	☐ Yes ☐ No ☐ NA
21.	Is there procedure for recording of deviations?	☐ Yes ☐ No ☐ NA
22.	Is the equipment used in the laboratory calibrated and documented in accordance with written specifications? (Please attach the list of instruments in your laboratory)	☐ Yes ☐ No ☐ NA
23.	Are the reserve samples kept for a period of time?	☐ Yes ☐ No ☐ NA
24.	Does all products bear expiration/retest date?	☐ Yes ☐ No ☐ NA

Controlled Copy

25.	Are contract laboratories used to perform testing?	☐Yes ☐No ☐NA
	If so, please specify,	
26.	Will you be able to submit three samples of the product from three different batches for our evaluation?	☐Yes ☐No ☐NA
27.	Have you established specifications and methods of analysis for your product? If Yes, provide a copy of the same for the product of interest to us	☐Yes ☐No ☐NA
28.	Do you welcome assessment visit and inspection of your factory?	☐Yes ☐No ☐NA
29.	Explain your Batch Numbering system?	
30.	Describe the storage condition of the material?	
31.	Describe the packing and labeling practice?	
32.	Do you have any system/procedure to ensure the uniformity of the material for blend batch or individual batch?	
33.	Please list the **solvents** used in the manufacturing process of your material?	
34.	Please list the **Recovered solvents** used in the manufacturing process of your material?	
35.	Please provide a list of Metallic reagents or catalysts used in the manufacturing process :	

The information provided in the questionnaire is true and scientific evidence.

C) DOCUMENTS REQUIREMENT:

1.	Brief Manufacturing Process.	☐Yes ☐No ☐NA
2.	Route of synthesis	☐Yes ☐No ☐NA
3.	Specifications and Test procedures	☐Yes ☐No ☐NA
4.	TSE / BSE Certificates	☐Yes ☐No ☐NA
5.	Certificate of Analysis (COA) from the manufacturer. (Minimum of three batches)	☐Yes ☐No ☐NA
6.	List of other major products manufactured	☐Yes ☐No ☐NA
7.	Stability / Holding time data if available	☐Yes ☐No ☐NA
8.	GMP declaration if applicable	☐Yes ☐No ☐NA
9.	Food grade certificate if applicable	☐Yes ☐No ☐NA
10.	List of possible impurities	☐Yes ☐No ☐NA
11.	Nitrosamine impurities free declaration. If No, please justify	☐Yes ☐No ☐NA
12.	Copy of MSDS	☐Yes ☐No ☐NA

NA: Not applicable
